📍 Paris Area, France

EXPERIENCE

Full Stack Developer

NetDevices SAS

📅 10/2017 - Ongoing 📍 Paris, France

Mobile App and WebSite Developers

- Working with experienced French colleges, I get a chance to work on React JS and React Native JS.
- I worked with many clients such as CCE Air France, Eneomey, Paramedic and other well known French startups.

Software Engineer

Dassault Systemes

📅 08/2014 - 09/2016 📍 Pune, India

CAD/CAM Software developers and innovators

- Web automation testing and server load testing was an awesome experience in the company.
- Also, I designed some automation tools for finding deprecated APIs in code.
- Weekly VC meetings with colleges from almost all around the world was a fantastic experience.
